

Vision Statement

Our goal is to provide affordable training and early education support to educators in their effort of providing high quality early education services to children, families and the community.

Mission Statement

Foundation for Early Learning, LLC's mission is to provide hands-on training and consulting to persons that attend to children's basic needs and stimulate growth and development, help children explore individual interests, develop talents and independence, build self-worth and learn to get along with others.

Statements of Purpose

To encourage continuous professional growth of educators;

To support efforts to improve the standards of childcare within the industry;

To pursue, on an ongoing basis, the knowledge, skills and self-awareness needed to be professionally competent;

To work in partnership with colleagues and other service providers to support the well-being of children and their families;

To demonstrate honesty and integrity in all professional relationships;

To contribute towards raising awareness of the importance of quality early childhood education and care for children in all settings;

To conduct ourselves professionally and match our conduct to the expectations that is representative of the Early Childhood Education field.
